

TOWN OF PENDLETON

Hydrant Flushing Notice

Starting on Monday Oct 2nd 2023 the Town of Pendleton Water Company will begin flushing fire hydrants. Flushing will continue thru the end of November and will be conducted between the hours 8am to 3pm. **Please be advised that you may experience a drop in water pressure as well as some discoloration of the water during this process.** The discoloration of the water is only temporary and does not indicate a problem with the water. If your water does become discolored, turn on an outside faucet to clear the water line before doing any laundry or cleaning. The Pendleton Water Dept. will continue to monitor the water quality during this period to ensure the water remains safe to drink. We apologize for any inconvenience this may cause, but flushing is an important part of our system maintenance.

Please contact Ryan Brashears Pendleton Water Dept. Supervisor at (317) 315-4252 with any questions of concerns you may have.
